FOR IMMEDIATE RELEASE

Hazard Mitigation Plan Public Meeting on April 21st, 2022

The participating jurisdictions of Cameron County will hold a public meeting on Thursday the 21st at 6:00 pm to gather public input for their Amended Hazard Mitigation Plan. The Plan includes Cities of: Indian Lake, La Feria, Laguna Vista, Los Fresnos, Port Isabel, Primera, Rancho Viejo, Rio Hondo, San Benito, Santa Rosa and South Padre Island. The public is invited and encouraged to attend. **Please see the registration link below to attend this meeting.**

http://h2o.adobeconnect.com/mit_cameron_co_public_mtg_04212022/event/registration.html

The purpose of the public meeting is to provide a project overview from H2O Partners, Inc., consultant to the project, and solicit information from citizens. Public input will help the project team to analyze potential hazards affecting residents and recommend possible actions to reduce their impact. Hazards included are flood, dam failure, tornado, thunderstorm wind, drought, hail, wildfire, winter storm, lightning, extreme heat, hurricanes/tropical storms, and coastal erosion.

A public participation survey is available at: <https://h2o.surveyparrot.com/s/Cameron-County-Hazard-Mitigation-Plan-Update/tt-9146c5>

The goal of the Hazard Mitigation Plan is to minimize or eliminate the long-term risk to human life and property from known hazards by identifying and implementing cost-effective mitigation actions. Mitigation is defined by the Federal Emergency Management Agency as sustained actions taken to reduce or eliminate long-term risk to people and property from hazards and their effects.

Questions about the Hazard Mitigation Plan should be addressed to H2O Partners, Inc., planning consultants for Houston County; Attn: Heather Ferrara, Project Manager by email at heather@h2opartnersusa.com.
